Dear John:

Last April, we received a Confidential Record Sheet from you for the above-named individual. At that time, you indicated that the individual had been charged with child sexual abuse but had not gone to court.

We have not heard from you since this time, although we wrote to you last July asking for more information. We would appreciate it if you would give us some information on this situation; has this trial now taken place or have the charges been dropped. This information is very necessary to us if we are to have a complete file and have necessary evidence for refusal of registration attempts.

Thanks for your help in protecting the youth of America.

Sincerely,

Dear Jonn:

In April, we received a Confidential Record Sheet from you related to the above named individual. We have heard nothing since that time, and would like any newspaper clippings or other information which would be helpful to us in maintaining our file. We must have this information if we are to refuse registration should a registration attempt be made in another location at a different time.

We would also like to know the outcome of any legal action which may have taken place. This will certainly strengthen our file and make refusal much easier.

Let us know if we may be of help to you.

Sincerely,

Paul Ernst, Director
